# AN ILLUSTRATED HISTORY OF GB INTEGRATED SYSTEMS LTD

Formed in 2003 by Gavin Bamber, GB Electrical and Security originally focused on fire and security operations. Fast forward to 2009, Scott Earing joined the company as Managing Director and gradually expanded their offering to cover fire, security, data, audio visual and automation. Gavin and Scott have a combined 35+ years' experience in the industry. Below is an illustration of how the company has progressed over the years with key dates and events highlighted.
